

AMC Strategy

The certificate is designed to achieve superior performance through the strategic use of long and short ETFs on indices, sectors, and volatility. We employ structured cash management products to minimize AMC volatility. The investment strategy is driven by institutional flows, with a medium-term perspective and weekly trading execution. Rigorous risk management is a core focus, maintained through a vigilant and disciplined approach.

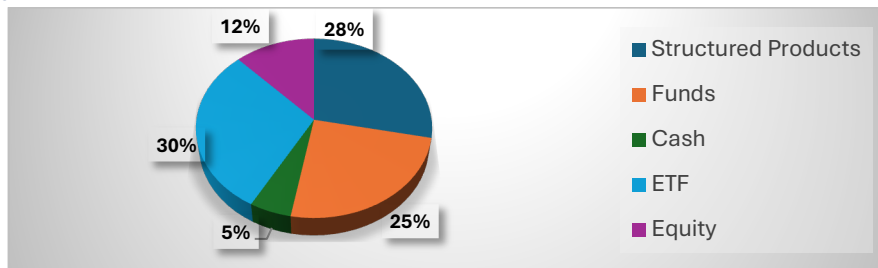

Historical Performance

	Jan	Feb	Mar	Apr	May	Jun	Jul	Ago	Sep	Oct	Nov	Dec	YTD
2023					-0,06%	-3,50%	5,59%	-5,39%	-3,62%	-0,18%	1,87%	-0,39%	-5,68%
